IN MEMORIAM

BROTHER A. J. TRUE.

Whereas, It has pleased Almighty God in His divine providence to call from his labors, our esteemed Brother A. J. True, who met his death by electrocution on the 28th day of June, 1918.

Whereas, We mourn the loss of one who was a true friend, a loyal union man and a workman who was a credit to his craft; be therefore

Resolved, That we the members of Local No. 42, I. B. E. W. of Utica, N. Y., do hereby express our sincere sympathy with the sorrowing widow and family; and be it further

Resolved, That our charter be draped for a period of thirty days and that a copy of these resolutions be spread on the minutes, and be sent to the sorrowing family and be printed in the Worker.

Walter F. Gardiner,
Rec. Secy., L. U. 42.

BROTHER ROBERT M. MILLS.

Whereas, It has been the will of the Almighty God to call from this world in the prime of life our beloved and esteemed Brother, Robert M. Mills; and

Whereas, We resolve that in his untimely taking away, Local No. 64 has lost an esteemed and worthy member, his family a devoted son and brother; therefore be it

Resolved, That the Members of Local No. 64, I. B. E. W. extend their deepest sympathy to the family in their hour of grief and sorrow; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days as a token of respect to his memory and that a copy of these resolutions be furnished to his bereaved family, one to the Electrical Worker's Journal and a copy be spread upon the minutes of our Local.

Dated at Youngstown, Ohio this 7th day of June, 1918.

J. K. Bryant,
W. A. Spencer.
Committee.

BROTHER WALTER V. BARNABY.

Local Union No. 397 of the I. B. of E. W. deeply regret the loss of Brother Walter V. Barnaby.

He was one of the first, if not the first to leave the Canal Zone for the purpose of going into the great world battle for Democracy. He died a hero and indeed a credit to the Brotherhood as can be seen by a clipping from a New York paper which reads:

The War Department issued the following supplement to Gen. Pershing's communication. "1st Lieut. Walter V. Barnaby, Signal Corps, Sumner, Wash., and 2nd Lieut. Kenneth P. Colbert, U. S. Marines, Orange, N. J., were fatally injured by the accidental fall of an airplane in which they were acting respectively as pilot and observer.

Both officers died during the night. In the evening both were decorated with the Croix De Guerre with the palm for excellent, faithful, and courageous work in numerous former flights. Their valor in operations in Seicheprey on April 20th, under heavy fire and adverse weather conditions was especially mentioned."

Resolved, That the Local's charter be draped in mourning for thirty days, and that a copy of these resolutions be sent to his family, and a copy sent to the Worker for publication.

N. E. Emmons,
R. O. Stiles,
A. C. McGraner.
Committee.

BROTHER J. F. KOEHNE.

Whereas, Almighty God in the dispensation of His Divine Providence, has been pleased to call from his earthly home, J. F. Koehne, who departed this life June 9th, 1918; and

Whereas, Our worthy Brother, Albert J. Koehne was thus called upon to suffer the loss of a kind and loving father; and

Whereas, Within the past four months Brother Koehne has been bereaved of his beloved mother and also an affectionate sister, and we realize that truly his cup of sorrow is full; therefore be it

Resolved, That we, the members of Local No. 417 of the International Brotherhood of Electrical Workers, hereby tender to Brother A. J. Koehne our sincere condolence and that we profoundly sorrow with him in his great and irreparable loss; and further

Resolved, That these resolutions be preserved in the records of our Local, that a copy be handed to Brother Koehne and that copies be given for publication to the union advocate and to the Electrical Worker.

F. W. Hoover,
Jos. L. Manley.
Committee.

BROTHER WILLIAM WAKEMAN.

Whereas, On Tuesday, June 18, 1918, again the bugle call was sounding taps. The Great Creator in His Almighty, Our Heavenly Father deemed it His infinite wisdom to beckon from our midst our beloved Brother, William Wakeman.

Whereas, We the members of Fixture Workers, L. U. No. 419, I. B. E. W., in meeting assembled express our heartfelt and deepest sympathy and condolence to his sister in this her hour of sorrow.

Resolved, Brother Wakeman, was known for his sterling qualities and faithful workman, a true friend, not alone to himself but to everyone. His honesty was never challenged.

Resolved, That our Charter be draped for a period of thirty days, a copy be sent to his sister and a copy be sent to the Worker for publication.

Fraternally

William Kopp.
Recording Secretary.

BROTHER WILFRED CARPENTER.

Whereas, Our Heavenly Father in His infinite wisdom, has deemed it just to call from our ranks and into His presence, our esteemed Brother Wilfred Carpenter, who died May 7, 1913; therefore be it

Resolved, That we the members of L. U. No. 437, I. B. E. W., shall as a token of respect drape our charter in mourning for a period of thirty days; and be it further

Resolved, That a copy of these resolutions be sent to the Official Journal for publication.

Frank W. Mullen,
Secretary.

BROTHER ROBERT F. WARD.

Whereas, It has pleased our Almighty Father to take from our midst, Brother Robert F. Ward; and

Whereas, We mourn the loss of a true and loyal member; be it therefore

Resolved, That we extend our heartfelt sympathy to his bereaved family, drape our Charter for thirty days and send a copy of this resolution to his mother, and a copy to be published in the Worker and also spread on our minutes.

J. H. Carnes,
C. L. Jolly,
H. F. Aycock.
Committee.

BROTHER JOHN MACLEAN.

Whereas, The Almighty God in His wisdom has deemed it best to remove from this earth our esteemed Brother John MacLean; therefore be it

Resolved, That we, the members of I. B. of E. W. No. 503 of the International Brotherhood of Electrical Workers, tender our heartfelt sympathy to the bereaved wife and family; and be it further

Resolved, That our charter be draped for a period of thirty days and a copy of these resolutions be published in the Official Journal and a copy of these resolutions be sent to the widow of the deceased brother.

J. G. Bennett,
M. J. Brown,
C. J. Harrington.
Committee.

BROTHER FOREST CHILDS.

Whereas, The Supreme Ruler of the Universe, in His divine wisdom, has deemed it best to take from our midst, on the 28th day of May, 1918, our worthy brother, Forest Childs; therefore be it

Resolved, That the members of Local Union No. 504, International Brotherhood of Electrical Workers, tender their heartfelt sympathy to his bereaved widow; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days; and be it further

Resolved, That a copy of these resolutions be spread on the minutes of our Local, a copy sent to the International Office for publication in the Official Journal, and also a copy sent to the bereaved widow; and be it further

Resolved, That a copy of these resolutions be published in the local newspapers.

Harry Heath,
Harry Bradford,
J. C. Graham.
Committee.

BROTHER JOHN MARKIEWICZ.

Whereas, In the lives of all of us, comes that time, when in the words of that Great Poet, "Dust thou art, to dust returnest", and it is entirely honorable to die while in the discharge of duty, whatever it might happen to be; and

Whereas, Our Immortal Father saw fit to call Brother John Markiewicz, while he was at work for the American Locomotive Company, on the afternoon of May 27, 1918, operating a one and three quarter ton Monorail Crane (operated on a single track) and it is not for us, mortal as we are, to question His wisdom; and

Whereas, Brother Markiewicz was a faithful and true union man, and member of Local No. 659 and Brother and friend with the full confidence of all who knew him, and we realize that his place will be hard to fill in our midst; therefore be it

Resolved, That Local No. 659 extend to his relatives the deep feeling of sympathy and friendship; and further be it

Resolved, That our charter be draped in his memory for a period of thirty days; and be it further

Resolved, That these resolutions be spread on a page of our book of proceedings, a copy sent to the bereaved widow and family of our departed Brother, and a copy published in our Official Journal and in the Labor Journal.

THE CHALLENGE.

(By Paul Lyman Benjamin.)

The Toiler speaks—

"I will give my hands—my hands
Knotted with strain and toil,
Torn with labor of all the lands,
But you—will you give your spoil?"

The Student speaks—

"I will give my brain and my soul,
I will not wince at pain;
I will pay to the full the toll,
And you—will you give your gain?"

The Clerk speaks—

"I will give my life—my breath,
Oh, God, I have no more;
I will laugh at a grisly death,
But you—will you give your store?"

The Poet speaks—

"I will give my dreams and my songs;
I will write with the sword;
I will challenge kings for these wrongs,
And you—will you give your hoard?"

The Young Man speaks—

"I will give my youth—this youth,
The glad, full flush of health;
I will kindle the torch of truth;
But you—will you give your wealth?"

The Mother speaks—

"I will give my sons—these sons,
All—all that I hold;
I will give my flesh for the guns,
And you—will you give your gold?"

EDITORIAL

LOOK TO THE FUTURE

In these days of unusual happenings, one is likely to become confused with the rapid changes that are constantly being made in every field of endeavor, changes come so quickly that they bewilder the mind and unless one has a definite purpose firmly established, a particular goal toward which they are constantly striving they find themselves drifting.

What is true of individuals is also true of associations of persons that make up organizations in dealing with the immediate needs they are likely to lose sight of the ultimate necessity.

Many locals, of all crafts, deal with the unusual conditions now existing as though the need to settle the problem for today, and secure a temporary advantage was paramount to everything and of greater importance than their very existence as a Labor Organization. It is high time to sound warning that this course can only lead to trouble and plenty of it in the future. Unless we keep in mind that we are one organization and that the injury to any one member of our organization must be the concern of all, and unless we stand ready and willing to suffer slight inconveniences to make small sacrifices for the good of all concerned. We have no right to hope or believe that our organization will take its proper place as the greatest labor organization of them all.

All too many locals, while seeking to obtain the best possible conditions for their own members and insisting on every constitutional right for themselves are prone to forget that every other local and member are striving for the same goal and have rights that must be respected.

Just at this time when the need is greater than ever before in our history for cooperation and real teamwork amongst the locals, the lines are drawn more closely than ever and disputes are the result, and while our locals proceed to fight amongst themselves, the other fellow is putting in his time and energy grabbing some part of our work. For instance, we now have the hoisting and operating engineer making a steady fight to control our electric cranes and he wants control over all generating stations and sub-stations also. He is getting into them even if his men have to work twelve-hour shifts where we insist on the eight-hour day, as was the case in some of the sub-stations in Chicago, or putting his men in the shipyards as helpers to be on the job when an electrical crane was put into commission as they do in Seattle, Washington. Many other trades are claiming parts of our work now in the busy time in order to be in possession of it at the close of the war.

It's going to take united action to meet these intrusions and it's up to us to get together. With the outside, inside and shopmen really working together, we can and will control all our work. All are members of one organization and must look to its welfare. Observe your laws and see that the other fellow does likewise and by all means get acquainted with your sister locals. You will find the other fellow is human with the same hopes and desires as yourself, and as soon as we get all through calling each other hiking burglars and narrow back porch climbers, and take the trouble to know each other, we will be well on our way to get and protect all our work. The present day looks biggest now, but there is a long future to live through. Keep your eye on the future, make each move

a move nearer the goal. Keep your real friends and you will not lack support when attacked by the enemy inside or outside of the labor movement.

LABOR DAY. Labor's day of recognition is being observed more generally as each year passes and is now appropriately celebrated in nearly every community, small and large. Last Labor Day was the first since our country became involved in the War for human liberty. The coming one will be the second. To our mind there could be no more distinctive way of observing this event than for organized labor to depart somewhat from past customs of expenditures for such non-essentials as uniforms and other regalia and devote such money to Red Cross purposes or invest in War Saving Stamps. Two purposes would thus be served. The saving of material necessary to war work and providing added money to the government for war purposes or to relief of suffering humanity whose needs the Red Cross is administering to.

Mass meetings should be held, capable speakers engaged and take advantage of the day to inform the public in full of the part organized labor is performing to free from autocratic bondage those people of the world who still remain shackled by despotic rulers.

Without labor's aid, tyranny could not be destroyed, as labor is necessary to production of munitions and other necessities as well as furnishing the man power of armed forces. To these tasks, organized labor has cheerfully and enthusiastically responded. Many know the part labor has taken, still many do not realize the extent labor has cooperated, therefore it will be proper and appropriate for the forces of labor to employ the opportunity Labor Day offers to spread the information concerning labor's efforts and interest in freeing mankind forever from despotic government and bring to all people a lasting peace, as well as the privilege and right to enjoy life by living under the banners of freedom with hearts warmed by Liberty's fires.

Every member of organized labor should do their part to make Labor Day celebrations this year a success.

The late referendum returns printed in June issue of Worker, are attested to by a Certified Audit Co. But we anticipate that some members who formerly were staunch advocates of the referendum will now proceed to try to cause trouble of all sorts, because the returns are not to their liking. They were perfectly satisfied to submit the questions to the Referendum and voted on all questions, but since the result does not satisfy them we are now informed by them that it was no vote, didn't count, want to take their ball and go home.

Even as kids this practice earned the name of quitter for those who indulged in it, and it don't fit grown ups at all.

It's up to us now to go over the top. One hundred thousand members is not so far to go. If you know one man that should be within the fold, camp on his trail until you get him. Hundred per cent towns always have good conditions. Little Tulsa, Oklahoma got her seven dollars per eight hours that way so did Gary, Indiana. It's not the size of your town that counts, but it's the one hundred per cent brand of unionism that makes conditions.

Save the Thoughtless Dollars

*"I got the sweetest hat today.
And, my dear, of course, I didn't
really need it, but—"*

* * * *

*"What if it is only a few blocks?
Here taxi!"*

* * * *

*"I know I'd feel a lot better if I
ate less, but I simply must have a
big order of—"*

* * * *

Over there in the Picardy mud, pock-marked with significant craters and "plum-caked" with unspeakable things that once were men, our soldiers can't hear all that some of us are saying. Good that they can't, isn't it? It wouldn't make it any easier to stand firm against those blood-crazed, grey hordes who come on wave after wave because they believe their Kaiser is "God's anointed shepherd of the German people."

It isn't that we Americans are a selfish people. We have simply been thoughtless.

Money is needed to win this war—let's give it. So far, we have been asked only to lend—to lend at a good round 4 % interest. Turn your THOUGHTLESS dollars into War Savings Stamps.

THRIFT AND LABOR.

There is a popular theory of economics that it is the spending of money that makes business, employment and wages. This is true to a certain extent, but it does not imply wasteful expenditure and does not deny thrift. It is not true that the throwing away of money in foolish expenses makes for prosperity.

There have been those who have criticised the War Savings Campaign, alleging it to be a movement of capital for the purpose of getting wage earners to live cheaper and save money during the war so they can be made to work cheaper after the war. This is absurd.

On the other hand, a prominent banker said, "Every dollar saved tends to raise wages. Why? Because the dollar that is saved must be put to work; otherwise it is not profitable. If it is placed in bank, it must seek investment, perhaps on real estate loans, meaning the employment of labor in buildings; perhaps on merchants' notes, meaning to help in the distribution of the products of labor; perhaps in loans to manufacturers, thus helping to employ labor. Every time a dollar goes to work it creates a demand for labor and if we create a demand for labor, there must be a tendency to raise the wages of labor."

The foregoing statement sounds like good economics and, more over, it teaches the lesson of thrift and its value to labor, for a dollar saved is a dollar of strength. We know that in our labor unions. We know that if a labor union

is without money, its troubles multiply. Employers neither fear nor respect it. On the other hand, a union with a strong treasury is apt to receive consideration.

Suppose an employer of a thousand hands knows that his employees have savings averaging \$500 each. He knows then, that they can live a year without him. Suppose he knows, also, that they are members of a union that has a strong treasury. He knows, then, that through their affiliation they could live another year or two years without him. This means that he will be slow to attack their wages. It means also, that he will be inclined to listen to requests for increases. It means that money power is just as essential and just as influential for the wage earner and his union as it is for the business men and the bank.

But these are peace time arguments. We are now engaged in a war to determine whether our free institution shall survive. We are asked to save money by the purchase of War Savings Stamps and to loan our money to the Government. Every dollar invested in War Savings Stamps is a dollar lent to defend ourselves against German autocracy and brutality, and it is also a dollar to strengthen our economic conditions when the war is over. Every wage earner in the land needs to get this fact fixed firmly in his mind, that every dollar we save is a tower of strength to us whether we do it as individuals or as unions, or both, as well as a present aid to the Government which represents all the liberties we hold dear.

Delegates to Metal Trade Council: J. Averbeck, O. Jennings, O. Obrist.

Delegates to B. T. C. and C. T. & L. U., East St. Louis: M. Hennessey, E. Hill, T. Mendenhall.

Delegates to Tri Cities Council: E. Taylor, F. Spengler.

St. Louis at present is having pleasant reading in the unearthing by Circuit Attorney McDaniels and the police of the United Railway plot to defeat the wishes of some 11,000 voters of St. Louis to submit their petition for a referendum vote on an extension of franchise granted the U. B. by the Board of Aldermen, by having a safe blown open and of burning the petition.

Our J. C. Jackson, self confessed spy and strike breaker for the past nine years in the employ of the U. R. and two accomplices, broke open a safe and stole the petition, sixty hours before the time of filing.

The Referendum League in the remaining three days and two nights, secured 15,000 names and with names already filed, turned in 19,500 names. Union men recall a similar robbery about a year ago, where names of W. R. employees, who had joined the union were stolen from a safe in East St. Louis and resulted in wholesale discharge of men whose names were on the lists, this was before the strike of last February which resulted in the complete unionizing of all employees of the U. R.

Jackson has come in and turned States evidence accusing Bruce Cameron, Superintendent of Transportation. Bruce Cameron announces that he has resigned to go to the International R. R. of Buffalo, N. Y. as General Manager.

The Union Electric Light & Power Co., is now worried by the work of organizers among its men and are bringing forward a plan for a homemade union.

Organizer Jennings has returned from the St. Paul convention of A. F. L., and

brought encouraging news for electrical workers in a report he made to Local No. 1. After a few days of strenuous campaigning among his prospective members, he departed for Washington again to be present at the Labor Board hearing of the Wagner strike.

The Wagner Co. refused to appear when the Board was in St. Louis.

Organizer Jennings secured a promise from machinists officials that all crane men would be turned over to the I. B. E. W. immediately.

The St. Louis Brass is about ready to give in as they want to build a new building. Only one of our men fell when the call to leave the job was given.

F. Jacobs, foreman stayed and now has \$100 assessed against him.

No. 1 wishes to notify the Brotherhood that the St. Louis Brass is on the unfair list and to inquire of No. 1 as to standing before next worker, should they be asked to handle St. Louis Brass goods.

Brothers Geo. Steel, Bell, Todd and L. Reese are reported at Washington, D. C.

Tony Leopker is running a job for Jas. Black Company at Harrisburg, Pa.

Brother F. O'Connell is there also.

Wm. M. Townes is with Steward & Co., somewhere in France.

About twenty-five men from No. 1 are at "Nitro" near Charleston, West Va. Among them are James Price, Wm. Jacobs, Barsanti, Alva Jennings.

Prospect of a \$15,000,000 addition to the Scullie Steel Co. is published.

Wm. Dennison has some work on the big Moon Motor Car job. This job will also have about 100 motors to install. The General Motor Company also is planning a big plant on Natural Bridge Road and Union Avenue.

The Jefferson Hotel will extend their building to take in the entire block.

Brothers B. J. Spergeon is back among us again after three and one-half months illness.

Bill Williams who was foreman on the Manufacture R. R. job, departed for Nashville, Tenn., last week. Jack McManus, just returned from Nashville on account of sickness, reported Bill still "Heading South."

Brother Harvey Burnett (Old Crip) was a visitor at No. 1 election night.

Last, but not least, at least we don't think so. No. 1 has just successfully closed a new agreement with the contractors for one year from July 15, 1918 to July 15, 1919. The new agreement is the same as the old one in form for the past two years except that the scale will be seven per.

Well as first attempt on my new job will drop a few lines from Battle Scarred No. 22.

After an all Summer fight with the Business Men's Association. Last year which cost Organized Labor scads of change No. 22 went back for 65 cents and one week later raised it to 68 3/4 cents. This spring we informed our bosses that as many of our jobs were paying 70 cents that would

be what we would work for which was granted without question.

Conditions are daily improving owing to the fact partially that Uncle Sam is no respecter of persons and takes all alike into the Army and has been removing several of the undesirables to No. 22 among them Brother Joe Georgington, one of the two who fell by the wayside in our fight last year.

Brothers Ed Bradley and Peterson left last week for Funston to do their bit.

The Building Trades Council has reorganized with only the Plasterer, Plumber and Steamfitter and Iron Worker on the outside. The first of this month they start the universal card system which will be another swat at the B. M. A., whose aim is to have at least one craft on every job unfair.

We have asked and have Labor Conciliator Pateric F. Gill on the way to reestablish Pre War conditions in Omaha and to stop the importation of labor into an already flooded labor market. Advertisements are in many papers for men in all building crafts with wages from \$4.00 to \$8.00 which when the men get here find are for ten hour day sixty hours a week.

Brother Slattery is a frequent visitor to our city and a welcome one. He has done some good work in organizing and installing R. R. Local No. 205 and with our B. A. Bro. Gibb and our Pres. Bro. Clyde House started a lineman's local, the number I believe is 671.

No letter would be complete without a word about our B. A. Bro. John Gibb who is on the job all the time and between times finds time to take care of the position as Chairman of the Standing Committee of the B. T. C. and is also on the Grievance Committee of the C. L. U. The only thing he don't like bananas due to the C. L. U. committee enjoyable time trying to adjust the troubles of the Fruit and Vegetable Handlers.

Last meeting was election of officers and President House, Financial Secretary Bro. Gibb, Martin Anderson, Recording Secretary and War Hoss Jim Brown were all reelected. Jim Brown has been treasurer of No. 22 for so long that if he were to be offered McAdoo's job, he would say "I will stay with Local No. 22."

Work has been good in Omaha for some time, but owing to no new work in sight it looks as though some of us will move or take a vacation.

Brother Arthur Carlson of Local No. 22 has been mentioned in dispatches for bravery "Over There".

Well guess I will pull the switch and hit the alfalfa as it will soon be the Glorious Fourth and in this State we celebrate with grape juice, Bevo and Jinger Ale. So will close and retire so as not to miss any.

Editor:

The Shop and Maintenance boys of L. U. No. 38 have been waiting patiently for some action on the part of the Chairman of the Employers Association, who through the untiring efforts of the Government Mediator has met our conference board, of late we have been disappointed by him being out of town on the days we have had meetings arranged. If this Gentleman thinks that he is putting something over on the officials of L. U. No. 38 he is badly mistaken; for if he will take the trouble to look in the past history of L. U. No. 38 he will find that L. U. No. 38 has never lost a wage controversy. We have not considered this matter from a losers viewpoint and should things come

to such a state I feel safe to say that all of our members will be ready to go down the line.

We have heard in a roundabout way that Section C are only small fish and the Employer's Association do not consider it necessary to recognize a body of men who have nothing of importance to do at their numerous plants and I presume that they could well afford to do without the boys should they decide the issue.

On July 15th, we have another meeting arranged with the said Chairman. Should they disappoint us at this date, which I sincerely hope that they do not, if they do it will be the cause for our Section taking drastic action, which I feel would cause the Government to step in and tell the Big Boys to get busy. Up to date such action has always resulted in Labor getting an increase in pay, which is what we are after regardless of how we get it.

At our last meeting with due ceremony our incoming officers were installed. Also a rising vote of thanks to the retiring officers for the good work that they have accomplished.

The officers of the coming year are:

Brother Flaherty, President.
Brother Vorthman, Vice-President.
Brother Zeha, Recording Secretary.
Brother Stoddard, Foreman.
Brother Gannon, Inspector.
Brother Schutz, Inspector.

Brothers Schwind, Faucett, Vorthman, and Flaherty, Executive Board.

Brothers McGroot, Faucett, Keller and Lmaoreaux, Examining Board.

Brothers Sickman, McGroot, Schwind and Vorthman, Delegates to Metal Trades Council.

In behalf of Section C, I wish to thank Brother Sickman for the good work he has accomplished for bringing such a congenial lot of boys together for the betterment of our conditions. We sincerely regret that Brother Sickman can not continue as Organizer of Section C, but we hope that in his new position as B. A. of L. U. No. 38 he will at least keep one of his numerous eagle eyes on the good and welfare of Section C.

Yours for a U. S. A. Victory,

As it is about time to write, will drop you a few lines, to let the Brotherhood at large know that we still are doing business at the same old stand. Our attendance is getting to be a thing of the past. At our last meeting held on the first of July we had about ten members present. Some meeting I must say. What is the matter with you brothers? You must have lost the spirit of unionism you once possessed. It seems like it is mighty hard to get any of the brothers to hold office. We had a hard time at our nomination of officers to get any brothers to the meeting so we could have a change once in a while, but said brothers didn't appear as they were afraid they would be nominated for some office. So the nomination was thrown upon the old officers that were at the meeting on the night of nomination. We have lost Brother Luther Gerdes, one of our worthy members who was called to the colors on the 27th of June, to fight for the U. S. A., and democracy against the great military system of the Hun, and we take great pleasure in wishing the Brother all the success in his undertakings. The Brothers over at the Light Co. received an increase in wages to the amount of 10 per cent. This included everybody in the employ of the Company. The linemen are now getting 53 cents an

hour, nine hours, two ways, on the companies time. I would like for Happy Fraser and Dick Pasley to know that I have not forgot them and send them my best regards, also Brother R. W. Harvey.

The following officers were installed:
President, Frank Mattlin.

Vice President, Albert Brown.

Financial Secretary, Fred Kloog, 109 Kettelle Street.

Press Secretary, Albert Brown.

Recording Secretary, Frank Burrell, 109 Groveland Street.

Treasurer, William Mahoney.

First Inspector, John Gavin, 1205 Charleston Street.

Second Inspector, Hiram Armstrong.

Foreman, Tiffany Henry.

Trustee for one year, Cap. Liggett.

An Ordinary and Low Order of Things—Continued from Last Month's Worker.

It is the sacred duty for every one to join the ranks of those who battle against this low and unjust order of things which we endeavored to illustrate in last month's Worker, and who are forging ahead toward better conditions. But can better conditions be secured otherwise than by means of the struggle of the workers, the class struggle? It is true we can protest by means of the written and spoken word against these infamies of the capitalistic, economic and social order of things. We can even appeal to the sense of justice on the part of the possessors, or to the social sense of the employer, but may we ask. Is any great progress achieved thereby? Certainly not. The fact remains that this low and ordinary order of capitalistic society is based upon low and ordinary selfishness, upon the greed for profits on the part of capitalism and only the fighting workers know just what it means to rest from the employers' trifling concessions and wage increases. And it appears more clear every day that a decisive improvement of social conditions, a better order of things can then be established when the workers have been placed in a position where they can spend more for food, clothing, housing, for the maintenance and preservation of their health and for the education of themselves and their children. That means in other words when they have sufficient influence in the regulation of the wage and working conditions, in short, when they receive more wages. Therefore, there can be but one thing but the one sacred duty to join the ranks of the organized class-conscious workers. Every human being with the least social feeling, whether religiously inclined or not, must fight with all power at its command against this low order of things, fostered and maintained by capitalism. But this fight must not be conducted, at random without definite plans. It must not be divided and split up by actions and movements of protest, which are only aimed at a solution or elevation of minor questions. In this fight we must always keep within view the one great aim and final good, namely the abolition of the capitalistic order of society, which is to be substituted by a real order of things, based upon the joint ownership and control of all the means of production, and the struggle of the class-conscious organized workers is devoted to this one final object, it is being carried on unswervingly, constantly, and consistently. The struggle for equal in determining the conditions under which we shall and will work, the struggle for our just share in the product of our labor; that is the struggle that alone will lead us to our goal. The emancipation of humanity from the bondage of wage slavery and capitalism. It is the struggle of the proletariat that will bring about this emancipation and only this struggle will lead us to the goal

because it lays the ax directly to the root and that is being called the overthrow of the present system by the other side. Against this overthrow everything within the capitalistic camp is being mobilized, all the institutions of the system are being used, churches and schools, courts and administrative institutions, police everything is being influenced and obeys the call of capitalism against this overthrow. The strikebreaker becomes the spoiled pet of society and the hero of the country. He also helps the upper class in the maintenance of this low and ordinary order of things borne out of utter selfishness. The overthrow of such a rotten system and selfish order however is an emancipation deed that must and will be accomplished by means of our ever growing organizations.

The union label protects the trade union against attack by making the purchaser the real employer.

Although I have not very much to write about, I will try to make that little of interest to all that read the Worker. I notice that every time there are any extra Workers in the L. U. meeting, they are grabbed up very quickly. One of our Brothers asked me at our meeting Tuesday if I had a broken arm and could not write to the Worker, but am able to use my plying with it yet so I can write. We are seriously considering raising our monthly dues to \$1.25 per, but have not got it settled yet. There seems to be lots of work in K. C. for linemen and our pay \$4.50, 8 hours lineman; head lineman \$4.72 and foreman \$5.15 and lots of good card men. We have had a hard fight for the last few years to get any place but here's hoping we get on the top now. Well we have lost one of our good workers. Bro. Joe Cluoghley our past Financial Secretary and Treasurer has been called by Uncle Sam to help whip the Kaiser. We have five good members on our Honor Roll, but their names haven't appeared in the Worker. We are planning a big Labor Day here. Everybody is going to be in line. Hope we can cop the prize. Well I guess I have shot enough hot air. I hope I can write more encouraging letters the next time in regard to this city.

With best wishes and regards to all

Having been elected as press secretary of Local No. 66 I will try and let the Brotherhood know what is going on in our jurisdiction. First we have received an increase from the light, Texas Co., Stone Webster and Gulf Co. The new scale for Journeyman Linemen is 62½ per hour; 75 cents for foreman. The Government on our camp work is paying the lineman the same as inside men. We have plenty of work here now and we are not going to work for any Company that does not pay our scale.

Second, we are increasing our membership every meeting night and we expect to reach the 150 mark in a very short time. The Local elected officers at the last regular meeting and from all indications we are going to have a banner year. The Local is going to try and get the wire clearance bill through the next Legislature and they are asking the help of all Locals in the state and we feel like

it is their duty to do what they can as they will all benefit by it. Brother Clarence George installed the new officers and congratulated the Local on the progress it was making, will state Brother George's Department with the City of Houston granted the demands of Local No. 66.

Bro. Phil. Stevens of the Light declined to run for the Chairman of the Local and gave for his reason that on account of his health that he was going to resign at the Light and go west and it is with regret that we make note of this as Bro. Stevens has been a faithful and active member of Local No. 66.

Local No. 66 have raised their dues to \$2.00 per month and their initiation fee to \$25.00, and any brother coming this way that wants to work must have his traveling card, as the Business Agent, is on the job. No one can work without a card or a permit.

The result of the referendum that was in last month's Worker shows that regardless of a few disgruntled members the Brotherhood will still go forward and our underpaid employees will now stay at their post and the membership will benefit in every way.

As this is about all the news that I can think of at this time, I will try and let you hear from me next month. With best to all and wishing the Brotherhood success, we remain fraternally,

Local 66, Press Secretary.

Our local held their annual election of officers on June 26th at which time the following members were elected for the ensuing term:

President, H. M. Scott.
Vice President, M. L. Sutton.
Recording Secretary, H. Henerich.
Financial Secretary, C. A. Lyle.
Treasurer, W. A. Smith.
Inspectors, E. V. Ingram and Bery Porter.

Foreman, R. E. Kain.
Our new Executive Board consists of Brothers H. W. Corwin, H. M. Scott, M. L. Sutton, E. V. Ingram, R. E. Kain, W. A. Giguere, and J. T. Rundel. Brother Rundel was also elected Business Agent.

This town is fast becoming one of the famous summer resorts of the country for Electrical Workers. We have known for years that it is a delightful place to spend the winter, and since the Government has located shipyards, aviation, and balloon schools in this vicinity, a large number of our floating brothers have arrived, and we are pleased to report most of them are at work.

Although the writer has been a member of the Brotherhood for nearly a quarter of a century, this is the first time the office of Press Secretary has been thrust upon him. Consequently he will make the first attempt a short one, and perhaps increase as his timidity decreases.

We are having our usual summer slump in attendance at meetings, but hope to make them interesting enough to bring out a good crowd.

If the reports of International Organizer are to be relied upon, there will soon be a large amount of additional Government work started in this neck of the woods, but I would suggest that traveling Brothers be sure there is work in sight before coming this way, as there are quite a number of our members loafing.

Fraternally,

As I haven't seen anything in the Worker since I took writers cramp, and fearing some of the boys will think that the Ga. Ry. & P. Co., has made good and put us out of business, I am taking the liberty of writing a few lines to the Worker.

Things have been pretty good around here, but are slowing up a little on Government work. There seems to be enough in the shops to all the wiremen going, but linework is a little off right now.

There are a good many of our boys "Over There" and we miss them very much, but are glad to be so well represented in the army.

Hope this will get in in time for the next issue so I can see L. U. 84 of Atlanta, Ga. printed once more and wishing the brotherhood at large the best ever.

We got our verdict from Mr. H. B. Endicott, the man we all thought was fair to labor but we have changed our mind and have him classed in A-1, for his good decision. He did admit that we ought to get time and one-half for overtime, that is some of the employees, but as for any more money nothing doing for we are getting as much as any of the Lighting Companies in the state and were being used very good in his way of thinking. And mind you it took over a month to get that much out of him. I guess it must of came pretty hard. The funny part is the Edison got the decision and had a nice big piece in the paper before we knew anything about it, and then we had to call him up to find out if he had made up his mind as to the outcome. We then called a special meeting and when this verdict was read, we voted to go on strike, but before we did we asked to have the case reopened and the answer was that it was settled by him. So the following Thursday, June 20th, we pulled the pin on the Edison Light, Cambridge Light, Malden & Melrose Gas & Elec., Quincy Light, Malboro Light, Wakefield Reading Light, Milford Light, and Tenney Service of Revere and all members of the Ley Co. and the Brothers responded to the fairly well and some who didn't have a ticket even walked off the job which was better than one or two who did have done. The Cambridge, Quincy, Milford and Reading were left without a man in Marlboro, Malden, Wakefield and Revere had a couple of rats who wouldn't join and who stayed in. The Edison Company had about ten men scattered around the different section and in some places none at all. Up to date we have only had two who got weak kneed and woobled back to the rat holes and they are one Daniel McDonald Edison and E. Young of the Malden Light. The Edison Company has started to make linemen now out of some of their meter readers and believe me they are a very graceful looking bunch. One foreman who has only been with the company twenty-five years, says: "Why should I go out, I am getting \$30.00 a week?" Sorry to say some people have not woke up yet, for the fellows with a pick and shovel are making more than that and not satisfied and walk off the job. We have quite a few members on the brick just now, but some have got jobs at other work and those who are working for the Telephone and about a dozen members working at the Quartermaster's Terminal, are giving a tenth of what they

make, to try and keep the Brothers who are out on strike and we are in hopes that we will soon have them whipped and we sure will if we can keep them away, as well as we have the past three weeks. So if any Brothers sees an ad for linemen in Boston or vicinity, you will know it is on account of the strike and will be doing us a favor by letting us know of any such ads. We have a Federal Agent here to try and straighten matters out, but up-to-date I have not heard any news one way or the other, but we are in hopes we will soon have a reply and good news. Mr. Endicott had a nice piece in the paper praising the rats who stay at work and called them loyal employees and knew when they had a good job, but if they had shown they were men among men, they would have had a better job than they now have.

I will try and have the names of all the rats and send them in to the Journal for next month. So all the locals can be on the lookout for them, for some day they may have to look for a job somewhere else.

Fraternally yours,

H. W. S., Press Secy.

Just a few lines to let the Brothers know that L. U. No. 114, I. B. E. W., is still on the map, and doing business as usual, with a good bunch of stickers left, after our sixty days strike at the Monarch Telephone Company.

A number of the men had secured other employment and did not return after Patrick Gill a government mediator had succeeded in reaching a settlement of our wage scale agreement. I wish to inform all brother's of the six copperhead traitor's of our organization. These fellows previous to the strike, would take the floor at our meetings and urge the brother's to stick together, in fact two of this element, were the party that first started organizing this factory.

During the strike our Local voted to keep a picket on the job and everything went fine, until this party came up to the meeting one evening and protested against the expense of keeping a picket, and as everything was quiet at the plant we discharged the picket and here was the result, within a couple of days afterwards Wm. Tigner, Henry Wilcox, Edmond Brown, Rudolph Lindner, M. Frost, and Charles Hawes were back on an unfair job.

I wish to state at this time that Local 114 has placed a fine on these fellows. Kindly keep this in mind, should they seek shelter in any other craft in the future. Some of them had also pledged themselves to the American Alliance of Labor and Democracy, but they were always missing at the Mass Meetings, when our leading ministers, lawyers and politicians spoke of the necessity of co-operation, and organization and especially in this war crisis, the time is passed for the accomplishment of great tasks single-handed.

Thanking you in advance for publication, I am fraternally

Well boys (and surely the girls will be glad to hear it) here is some real news for you. I have been reelected Press Secretary and have been warmly congratulated on all sides, but I wish to say that none of the congratulations rang quite as true as those from one of the Brothers who actually had the nerve to run against me for the office. When the ballots had been counted and the announcement made that I had been reelected (and after the handclapping and shouting had subsided) this Brother forgave all and rushed across the room and shook my hand congratulating me warmly, rather decent of him I think.

Although all other news fades into insignificance, I will try and write something.

Our annual election of officers is over and here is the "Batting Order."

The Universal Wage Committee is still on the job and lately have been devoting their entire time to better several working conditions and have obtained (1) double time for all holidays. (2) Time and one-half time for all work over eight (8) hours whether occupied in productive labor or in travel. (3) It was also ruled that travel both to and from work shall be done on time of the Telephone Co.

We have been granted Saturday afternoons off up to and including the 7th of September. In fact all is harmonious at present and here's hoping that this condition may prevail for a long time to come.

We are still adding stars to our Service Flag, Brothers E. R. Chasse and H. M. Files being the last to leave us.

A flying visit was paid us by Brother Jortberg who had a fifteen day furlough coming here from Camp Wadsworth of Spartansburg, South Carolina where the Milliken Regiment is located.

Interesting letters are often received from our Brothers "Over There" and they all voice a request that everybody write and write often, (addresses obtainable from Brother E. G. Bean). The letters from the

Brothers in the Signal Corps state that they are occupied in doing telephone work, such as running circuits, setting poles, etc., and all state that everybody is well and happy. Let's all write and tell them the news "Over Here".

Brother Desmond who had the misfortune of breaking his left arm is at present the only member on the sick list and he is fast improving.

Having been elected Press Secretary of L. U. No. 155, I will endeavor to let the boys know what is going on here. We had a little wind storm here a week ago and have been awful busy since picking up the lines and I guess we will have plenty of work here for the summer now. Organized Labor made a big showing here in its Thrift Stamps drive the 29th of June, when all the Local Unions in this city got together with the aid of the Central Trades Council and declared a holiday and sold stamps. We sold between \$47,000 and \$48,000 in stamps and baby bonds. We have a good many boys in the service at present. I have not a full list of their names, but will try and get up a list for the August Worker. Well if this reaches you in time and you find space in the Worker, step it in. The hot weather cooked our "Roast Nears" before we were ready for them, but we've got our teeth sharpened and have otherwise prepared to take care of the watermelon crop, and even now we are rehearsing on a kind of a college yell or war whoop, which verbally speaking sounds like — "Oh you water-million smiling on the vine" etc. Some good stuff in last month's Journal, both the editorials and the letters. For instance did yez, lamp that peppery product from the pen of "Shorty" Wade of Peoria? That Feller "Shorty" haint near dead yit?

Texas having gone bone dry, some of our boys are hitting it up about fifty-fifty between Bevo and branch water, but even on that basis we are going to do our part to clear the brush from here to Berlin. The Brotherhood at large may depend upon it, that the brothers of Texas will make good at all times, on all issues, because I. B. E. W. men are simply built that way. Editor:

Well it is time I was getting my letter to the Worker, so I will get on the job. Work in Charleston is about at a standstill. We are doing all maintaining, no new construction at all by the Company. There is work at N. Charleston for outside and inside men. They are paying \$6.00. We have only three hand men there at present and two of them we just took in as new members. We have got the four men in that our working for the I. of P. Tr. Co. and we feel that we are building up a strong local in Charleston, that is according to the number of line-men employed near here. We have no Bell men at all, but then we don't mind that, as they are of an unknown quantity, and we do not like to deal in that. We signed up our own agreement with the C. C. Lt. and Power Co. for one year. We have two holidays in a year with full pay and double time for overtime after 12 o'clock midnight and Sundays and all holidays, time and one-half for all other overtime. If we work outside of city limits we get one hour extra pay. Saturday pay day at 12 o'clock with the afternoon off. We got 55 cents per hour for line-men and 60 cents per hour for foremen. Four ways in Companies time, \$130 per month for night trouble man with two nights off. Well as there is nothing more to write about I will stop.

Fraternally,

Billie King.

"Tempus Fugit." Months have elapsed since Local 202 has had anything in the columns of the Worker. Why? Who would be guilty of self ostracism. Such would be the case were I as press secretary to attempt to establish an alibi. However, here we are again. Let's go!

Our local is alive. It is growing. It will be second to none in the future. That may sound like egotism but it is really the spirit that animates every member of our organization. Make our local, bigger, better and busier is our slogan.

Recently we celebrated our fifth anniversary. We did alright. We reelected our founder and organizer, James R. Queeney, president for his fifth successive and successful term. Supporting his as our standard bearer, our membership put into the other offices men of ability. Men who are true, men of whom we are proud and men who will deliver the goods in their respective position. Here are officers for the ensuing year:

President, James R. Queeney.

Vice-President, C. J. Schoenherr.

Treasurer, Wm. L. Cushman.

Financial Secretary, A. B. M. Kingsley.

Recording Secretary, Wm. C. Crane.

Press Secretary, Fred E. Cox.

Foreman, Harry Chase.

Adjustment Board, James R. Queeney, M. C. Orbeton, John Danchy.

Executive Board, N. M. Alexander, Robert Friery, Thos. McGrunness, A. I. Scranage, Chas. McPhee, J. W. Lewis, Thos. Andrews, B. B. Cahoon and E. I. Emorton.

Back of these men are the field, engineering and clerical employees of the New England Telephone and Telegraph

Company. A pretty formidable array is it not.

What petty differences there may have been at election time will be forgotten. They must be forgotten. The majority rules. Organization is our duty. We are daily increasing our membership. What we are doing here in New England can be accomplished in other sections of the country. Organize. The unorganized want them. We want them. "Nuff sed." Let the I. O. go to it.

For a local of only five years existence, Local No. 202 has almost an international reputation. Championed by our worthy president, Brother Queeney at St. Paul and by Brothers Queeney and Crant at Atlantic City, you members who were delegates to these conventions know of the fight they put up for our right to be affiliated with the I. B. E. W. You know of the opposition and those behind it. And you know the result. We won. On referendum we were turned down. We are back again fighting for our rights. Justice will prevail. At the next convention we will be there again for your support, and we know that any man or woman who represents your local as a delegate with a brain, unbiased by cheap gutter politics will be on our side.

The convention is a year away. This word about us, may seem premature, but it is necessary. From now on you will hear more about us and our jurisdiction problem through the Worker. The Searchlight of Publicity will be turned on and the facts, for that is what we will tell, no camouflage, will be laid before you.

Forty-five of our boys are in service. "Over There" and "Over Here" they are watching our fight for our jurisdiction. This is letter No. 1. No. 2 will be next month. Until then, so long!

Fred E. Cox,
Press Secretary.

Editor:

As Local No. 205 has been on the map for nearly three months and it is nearly time for the charter to close, I think it is about time you heard something from us. We wish to thank Brother J. F. Slatery, Organizer for the time he has spent with us and the good work he has done for our local.

We also wish to express our thanks to Brother J. N. Gibb, business agent for Local No. 22, of Omaha, Nebraska.

We were organized April 23, with a membership of 13 the lucky number and have increased to 90 members and we are getting a new member right along.

Local 205 was organized as a Shopmen Local, includes Railroad Electricians, Enginemen, Towermen, Signal men, Cranemen, Switch Board Operator, Shopmen, and all other Electrical Workers doing Shop Work.

On June 6th we gave a smoker to all railroad and shopmen electricians whether they had cards or not featuring a boxing match between a couple of local boys and had a large attendance and judging from the applications received later, we created a favorable impression to outsiders. The expenses being borne by the members of the Local. Although we are a new organization and are not working under any agreement as yet. We are about 90 per cent strong between Omaha and North Platte, Nebraska.

Following are the present officers:

President, Wm. J. Ryan.

Vice President, C. W. Warner.

Financial Secretary and Treasurer, John Jacobsen.

Recording Secretary, John B. Jenkins.

Foreman, Frank Kennedy.

Inspector, Wm. Whitehurst.

Trustees, John Lane, Jas. Christie, C. O. Sparks.

Press Secretary, L. Carr.

These officers are originally elected when the charter was granted with the exception of John B. Jenkins, Recording Secretary and C. H. Warener, Vice-President.

The duty of Press Secretary is entirely new to me, but I hope to give you more of our work.

With best wishes for all the boys of the Brotherhood, I am fraternally yours,

L. Carr, P. S.

It has always been a known fact that the first impression is the one which lasts, so I will at least appear in July issue which may better enable me to get by later on.

Having received the highest number of votes on the ticket in a local as large as 212 for press secretary, should not be passed unnoticed, perhaps (almost) faithful past services in that capacity pulled me out as a winner, but be that as it may I certainly was sent on the top winning by several lengths. Oh certainly, you would like to know how my opponents ran for this office. Well fellows there was nothing to it. I had none.

Yes we did have election of officers last month. I don't believe any one realizes it better than yours truly. Seems as though our elections are getting hotter annually. Members who in former years possibly entered the race in an emergency case to fill out the ticket are now real office seekers. This does not apply to salaried officers only, but every office on the ticket's eagerly looked forward to and well taken care of by the winning candidate.

The result this year shows the locals appreciation for past services by reelecting all of the chair offices. Some however closely contested. Some otherwise. Under the otherwise column we place the office of P. S. To think any one with an average size brain could muster up nerve and courage enough to oppose an old war horse like Brother Leibenwood, whose past services as P. S. will stand as a monument for him in 212 for years to come is quite surprising.

Then to think that 53 intelligent wirefixers would have nerve and courage enough to cast a losing vote in that direction is also quite surprising.

But I want to tell you 53 boys, that I certainly thank you for your support. You gave me your vote and lost it, but I appreciate it, and perhaps you can feel as I do about it that it was an awful proposition from the start and I was beat by one of the finest and most popular brother members of old 212.

In coming to the conclusion that my ambition excelled my ability, only brings to my mind a story told by George M. Cohan (well known comedian) who had engaged a young woman for one of his production.

One morning she went to Mr. Cohan.

"I have only one line in the first act, Mr. Cohan," said she "and but one in the second. Couldn't you give me a line for the third act also?"

Mr. Cohan thought for a moment of all the trouble the girl had caused him, and of the very exalted opinion she had of her poor acting.

"Well yes," he replied, "during the banquet scene in the third act you may enter and say: 'Here is a ham.'"

"Oh," she exclaimed, "and do I bring a ham on the stage with me?"

"No," answered Mr. Cohan, "it is not a speech; it is a confession, my dear."

Well we are all working anyway, even our B. A. was discovered perspiring freely the other day trying to master a dope sheet at a meeting of the ponies in this vicinity recently.

Although residence work has almost come to an absolute standstill. We are all kept busy on large factory remodel jobs or other work which has not been placed by the government on the nonessential list and expect to continue so for some time to come.

The large number of 212 boys in U. S. service is continually growing. I don't doubt but by the time this Worker is issued we will have 60 to 75 brother members serving Old Glory. We receive encouraging letters from those at the front who are seeing actual service and at this writing have not found it necessary to place a gold star on our Service Flag.

We also state that as both a local union and individual members we are doing our bit by subscribing for Liberty Bonds, Thrift Stamps and supporting the "Greatest Mother on Earth."

(In case of a misunderstanding I did not refer to "Mother Bell" but the Red Cross.)

I again wish to thank 212 for placing the office of Press Secretary under my supervision. If I happen to fall asleep on the job, in any way don't be too hard on me as I will aim to do my darndest.

Fraternally yours,

E. Simonton, P. S.

Greetings from Elevator Operators' and Starters' Union, Local No. 253.

I promised to have a little something in the Worker each month, to let the Brotherhood know that we are still on the globe, as few as there are of us.

This is my second attempt as Press Secretary in sending correspondence for the Worker. I see I got by with my first one, at least it appeared in the June issue.

I can only say, the progress of our Local is very slow, and has been for some time. As for our membership campaign, it didn't reveal itself quite as fruitful as we had expected it to.

Brother Raymond Cleary had promised to be with us during the campaign, but he has failed to appear with us for some time. We know that he is quite a busy man elsewhere, working and looking after the interest of the I. B. E. W.

The Elevator Operators' of this city, have been hard hit as far as our Local is concerned, on account of this new issue, (Work or Fight) all those in useless occupations. While under these circumstances it is hard for us to interest the Operators', who are of military age, to come into our organization.

I know all of the Operators' are anxious to help Uncle Sam all they can. While it may look very dark and gloomy for our Local now, we are bound and determined to hold the fort, until a future time reveals itself for a brighter outlook. We know and feel that things will be coming our way some day. As the old saying goes, "There never was a long road, but what has a turn in it somewhere or sometime."

Most Operators' here are now scattered about. Some have enlisted, and others have left the city to work on the farms or some other useful industries.

Since I wrote my last letter the female Operators' have increased considerably. There was a general discussion at our last meeting, concerning our female Operators'. All our members present at the meeting, expressed a feeling that we all should get busy and try to get these new

Operators' interested in organization. The male Operators' wish them to know that while they are doing men's work, they should receive men's wages. While there are a few, we should try to impress them with the Labor movement.

There has been a rumor current here, that the Otis Elevator Company, has established a school in St. Paul, teaching girls how to operate Elevators'. Just how true this report is, I am not in a position at the present time to say.

As for myself, I am not working as an Operator at the present time. I am in a machine shop, building gas tractors. I think by the fall or winter I will be in the up and down business again.

Fraternally yours,

Henry A. Meyers, P. S.

The past month has been a momentous one for Local No. 292, in its brotherhood work for the members.

In spite of heavy inroads on our membership list due to the draft, enlistments, floating out, etc., we accumulated a large reserve labor force, made up of some of the oldest heads in the business in these parts.

A great many of these men have for years, been in steady employment at the largest shops in the city and the situation looked bad as man after man came in and reported out of work.

Along came our old brother Skoog from Cleveland, Ohio, and said "What are you striking for?" We replied that we were merely loafing until we could get on the track of some jobs.

Then the good angel sprung something. It's hard to imagine a short fat Norwegian as an angel, but that it what he appeared as to 292.

He said "Don't you boys know that Minnesota is no longer a part of the electrical United States?"

We confessed that the world do move, and although the State Safety Commission had done wondrous things with the State laws in placing themselves above the courts. We still had a childlike belief that we were in a part of the work day world.

Brother Skoog showed us that the real work worth doing was in the eastern part of the United States and in the interest of the Government.

He told us not to depend on the Government agencies calling for us, nor the eastern locals to answer our communications or our friends as everybody was too busy to write or wire; but to send our Business Agent east and for him personally to gather the data. Local No. 292 being fortunate in having in Charles Anderson a man who could be depended on to cut the mustard on such a proposition.

Accordingly Charley started out to put Minneapolis on the map again, said map being all over the United States and only limited by his good sense.

In our neighbor city of Chicago, he found the business representatives courteous and sympathetic as in fact he found them the same every where, not a dizzy head amongst them.

In Chicago most men were out of town working on government work. In Cleveland, Ohio there was good work in sight, but not quite ready to wire.

The same condition existed in Akron. In Youngstown, Ohio, where they make the steel that will one of the day's knock "Kaiser Bill" flatter than a pancake,

there was work to be done and a live wire Business Agent was glad to take some of our boys.

Erie, Pennsylvania, had good prospects for future work.

In Pittsburgh, Pa., on an Island called Neville will be erected the world's largest Gun Plant, larger than the Krupp or Skoda works in Hunland.

Any hot wire artist knows what that means for work.

Charlestown, West Virginia had a "Nitro" plant in need of men and our first seven men to go struck hard sledding, but five landed and the second seven arrived right after a pay day when about fifty men quit to take a vacation so they went right to work.

Washington, D. C., the Hub of the Allied World is fortunate in having O'Leary for B. A. and our Charley found things busy, high priced and more close mouthed than any other eastern spot.

Charley gathered some political dope on our Minneapolis battle with the Steel Trust. Spell it either way.

Baltimore, Maryland, proved to be the abiding place of an old 292, namely Chas. Dameron on the executive board there.

We haven't as many men in 292 as the ship yards of Baltimore wanted but will try to send fifty at least. Doubling back on his trip our Business Agent went to the famous Hog Island plant at Philadelphia, Pa. and men are coming and going all the time, as they always do on a big job.

New York City contained I. Organizer E. L. Kloter who wanted men for the powder city at Wilmington, Delaware and also in New York town. Boston, Mass., had good prospects of big work coming up soon and also proved entertaining to the Business Agent. Toledo, Ohio has a battle scarred veteran as Business Agent. Oliver Myers who took our Charley in hand, but didn't have many jobs open at that time.

We wish to commend to the various locals, to which we are sending our men that without exception they are worthy brothers, experienced, good fighters and willing to take "Pot Luck" with any one.

Some of our boys will remain in 292 as members paying the various permit fees, others will have to deposit their cards.

I would advise the Brotherhood who intends to travel to these Military jobs, that they take the Army inoculation treatment in their home town before leaving, that is a "shot" in the arm that makes you proof against everything. By the time you get to the job and rested up your arm is healed. You must have a vaccination certificate not more than three years old or let the army doctors line you up and give you a jolt.

Here are a list of brothers who settled up their affairs and decamped so far. Three left destination unknown to us:

Philo McLauhlin to Youngstown, Ohio. Montgomery, Harry and Walter George, Frank Cone, Jack Slack, John Siemer and P. J. Berry to Charlestown, W. Va.

Firemen Harry George had to come back, the draft board said, as he had a job in France.

Harry worked two week's at Nitro and said there was good money there if a fellow was willing to rough it.

John Siemer and P. J. Berry had to go on to Baltimore for a job.

Pete Tangent, Art Gustad, Jim Fitzgerald, Fred Hurley, A. C. Cook, Gus Anderson, and Bill Lanzan next went to "Nitro."

Henry Gable and Ray Barnard dropped in Baltimore. Holan went to Duluth and John Edmund and Tod Hoban to International Falls.

Our acting B. A., H. H. Skeldon became so excited from reading telegrams from

the east he almost started out with Charley's "Fliver" for Baltimore.

H. H. Skeldon, Lundeen, Koster, Mortenson, Duhan, and Peabody departed for Baltimore.

Other brothers are trying to find out if they can safely leave without being drafted right away and others are winding up their affairs. There is no use for a "Foot Loose" Journeyman to stick around and do petty larceny knob and tribe work, once in a while when the government can use men on the big stuff.

We held an election, but so many elected men left town that we will have to hold another next meeting.

Some of our boys no doubt will be back again, but more intend to leave as soon as they can. Joe Quinn quit International Falls and has a clean ticket. He claims that he is going to drop some place. Perhaps in Chicago. George Tedman, Andy Winkler, Milt Christianson, Jim Nichol, and Percy Byron also quit International Falls and are now in town looking her over. Local 731 of the Falls is consigned to Tod Hoban and Patsy Edmond who will keep her in line or else there will be a battle then and there.

There is very little building going on here, but it might pick up as the government is establishing an army Flying Field in Minneapolis and there will be some Air domes and barracks to wire. We had a one week newsboys' strike here and while the Governor said it was a week of riot and bloodshed, for the writer it was a week of peace because he didn't have to read the misleading dope the Three Big Dailey's throw out every day.

Here is a sample "Union Men, Pro German, Socialist, I. W. W., Bolshevik, Disloyal, Traitor, etc. The newsboys won out, and anybody who says that a few can't fight is mistaken.

Next week we hold our State Federation Convention in Virginia and will report same next month. A wet convention will be held in Virginia, Minn., at the same time, and Virginia being a dry town the deliberation of the wets ought not to be open to the charge of intoxication.

Although I have always been a wet, it's my opinion that it is a losing fight in this State, as they have overplayed their hand in state politics.

Yours truly,

H. G. Bang,

Dear Sir and Brother:

The members of Local 353 wish to offer you their deepest sympathy in your bereavement. Though wishes do not accomplish very much, the knowledge that loyal friends are sympathizing with us in our troubles often helps us through the darkest hour and enables us to look up and say, "Thy will be done." That this be so in your case is the earnest wish of every member of Local 353.

Yours in sympathy,

Editor:

I do not believe that 393 has ever been advertised in the columns of our Journal, so I herewith place it on the map.

No. 393 is a small local and we are pardonably proud of our military service flag. Said flag contains nine stars at present and those nine stars represent nine good, sound American men.

We had a strike here last fall and won it.

Brother J. F. Wilson, now of L. U. No. 77 was here last winter but the climate was too much like the Arctic zone for him. We have twelve members here at the present time.

The narrow backs have a new agreement under consideration.

Charley Rayman sometimes known as Short-circuit Bill is our financial secretary and vice-president. He has been here almost a year and that is a long time for him to stay in one place. We notice he is getting restless, so suppose he will be moving some fine day in the near future.

Fraternally yours,

Press Secy.

"Billions for Defense and Offense, but not one cent for Tribute". That is the battle cry of those opposed to Prussianism the World over and we are living up to that slogan no matter where we are if we believe in Liberty and not Anarchy and Vandalism. Liberty which protects the weak and lowly and gives equal justice to all. We have just celebrated the 142nd anniversary of such Freedom right here in our beloved Land of the Free, towards which the eyes of the world now look for help, for assistance to combat that monster called Military Aristocracy. The people of the earth having looked upon our Government as their haven of Refuge and land of promise, now look to us to save them from slavery. They have exalted ideas of their opportunities under our Government. Do we want them to awaken some day and discover that we did not practice what we preach? Do we want them to know that there are some here who so far forget their loyalty and patriotism that the work of winning this war is held up by their hasty actions in calling strikes during such times as these and refusing to abide by decisions of referees, even tho the cause may seem to justify a strike, even though the employer may seem to be taking an unfair advantage of the employees? Remember that the eyes of the world are turned our way, beseechingly, pleadingly, trustfully watching us grow into that mighty power that will in the end by "God's Help" wither the strength of Military Monsters such as the rules of Germany today. Search out your hearts my sisters and brothers and ask yourself before God if you are doing all that you might to help our boys over there. Let us be ever mindful of the terrible responsibility resting on all Labor Ideals until victory rests on the Arms of our forces abroad. When discontent stirs the membership of your local be sure that you understand the reason for it, look well into the records of the persons starting it and see that their heart is with us in this fight before you take any radical steps. There are too many members of Organized Labor masquerading as martyrs of labor when in reality they are slackers and we must watch all such, for we know not when or where the traitor will strike, and the person or persons whether they be employer or employee who wilfully causes a delay in the winning of this war is guilty of base treachery and deserves a traitor sentence. Watch out, mark time and do your bit all the time and we will win the cause of Universal Liberty and then labor, later on, for of what avail is organized labor if we are slaves of a military master like the Hun.

Sisters and brothers we have all of us had or have or will have relatives or dear friends at the front, let us always

keep their welfare in mind, let us support the Government with our very best effort, then may we greet those who return victorious to our homes and communities with clear hearts and consciences.

Fraternally yours,

Albert H. Nichols, P. S.

As the dear brothers saw fit to elect me press secretary at our last meeting, I will try to gather up a few news items for the Worker, which may be of interest to some Brothers that were with us last winter.

Government work is slack here at present, however by the time this reaches the membership, I think work will have started at Camp Sheridan.

The Linemen on the Montgomery Light & W. P. job are now receiving 50 cents per hour, and you have to have a ticket to work there. We have given up some good members to the army.

Brother Freeman has volunteered and gone to Auburn for special training.

Brother Fleming is leaving for home Saturday, as he expects to be called in the draft at an early date.

I hope every reader of the Worker will read the notice in this issue regarding F. A. Balls, as any member of this Brotherhood who acts as this Balls has acted, certainly needs advertising. He refused to allow this local to furnish him men when he was Superintending electrical work on Government Shops here, saying he would hire the men as they came. And when reminded of his obligation he stated he did not take an obligation. So I guess he sneaked in on an open charter some place. I hope all Brothers will be on the look out for him as he has caused this Local a lot of trouble, and I think he will leave here soon.

I hope you will make him deposit a T. C. before he is allowed to work, and if he tries to grab off a foreman's job, don't work for him until he gets right. And it is a certainty he can not run a job without men to work for him. It will be news to some that Mr. Owen of Reeves-Owen Electric Company has withdrawn from the above firm and will open a business of his own. Here's luck to him as he has treated our members well and we expect to do business with him. As there is no other news will close, with best wishes to my friends and the Brotherhood at large.

Government control has put a muzzle on that beast Organized Capital and chained him to the past of the principles of true Liberty at last; so now it seems as though organized labor ought to get a chance to catch its breath and grow strong as it don't have to keep on the jump to stay out of its way, but don't misunderstand me, I didn't say, grow fat, we've got to keep our fighting capacity up to par, for I don't believe confinement will improve the brutes nature a bit.

So let's keep our condition up by working to further the plans of President Wilson and our government, instead of sitting down to rest and saying Capital had kept us on the run for so long, we need it.

L. U. NO. 485, AND 635, DAVENPORT, IOWA.

Editor:

I am going to give you a little write-up on the Local condition etc., and I trust that you will give it space in the "Worker".

I wish to state in the beginning, that Local 485 of Rock Island, and Local 635 of Davenport, are enjoying plenty of work. Conditions are good and we are, for a fact, a happy lot of men. We are enjoying a closed shop, 67½ cents per hour, lots of overtime, excepting in one shop, which feel that they can get along better without union, and we all have hopes that some day they will change their mind. We are to a man, trying in all ways to change their views as to a closed shop, but it is a very hard job to do, with the poor support some of the larger crafts grant us.

We had the pleasure of having Brother Broach with us the past week, helping the good work along and you can rest assured that he devoted all his time and energy, trying to win for us, in a short space of time, the impossible, but nevertheless, I can assure the Brotherhood that his efforts were not in vain, as I believe it has brought us closer together, the one open shop and the Union men. Brother Broach has a way about him of getting an audience with a boss that few of us are endowed with and I can assure you, that if it was possible to close this deal, which has been standing for 14 years, Brother Broach would have been the very man to do it and if by any means, the shop ever gets closed, in the near future. I myself and all the Local boys will give the credit where it belongs and that will be Brother Broach.

Now, Brothers, another thing comes to my mind which is a vital point for us all to consider, something we all in our haste, and prosperous times, have overlooked to a big extent, the shortage of Organizers on the road. Have you not called and been unable to get a man when he was most needed? Yes, you have, especially the smaller locals that can not afford a business agent. Now, the question arises, how can the I. B. E. W.'s overcome this shortage. Not by saying we have not good men with the right material in them. No, that is not the reason, but the reason is, that we are below, yes, away below, the average in paying a big enough per capita to the International Office, to maintain good men, and a sufficient number to cover the large territory that the I. B. E. W. covers. Why is it we are not the largest Organization of them all? We can be. No reason in the world why we can not. Our trade is the one and only trade that has an unlimited future, more and more advancing in the running and controlling of big manufacturies, also in all walks of life, you will find electricity used and more opportunities opened every day. Yet, we, the Union Electrical Workers, getting for the present, more pay than we have ever before received, going along paying the same per capita and dues, never thinking or caring about the future, expecting some one to think and work for us, but never taking into consideration, the fact, that we are not advancing with the electrical world, as we should, and never looking the fact in the face, that more good men are wanted on the road and that we will have to dig down and pay for it, if we want it.

On inquiring around, I was surprised to find out that all the different organizations pay at least 55 cents per capita to their International Office, and we, only the small sum of 40 cents, and yet, we wonder why we don't forge headway faster than we do. I must say, we are a very poor set of

people if we do not at once get busy and raise our per capita, to at least 50 cents. In doing so, we will be able to give the International Office more capital to work with, also be able to place more men in the field, therefore, cutting a lot of the expenses made necessary of our International Organizers making such big jumps, etc.

Now, Brothers, this will not please some of the members, as I could not expect that it should, but I do feel that if each and every Brother will look at this in an intelligent manner and give it his own personal thought, also investigate as to the Electrical Industry and how it is growing, and how, even if we are growing that the Electrical world is running right away from us. Now, I have read and also heard a great many complaints, and all I have found so far to be office seekers, etc. Now, my little complaints are, that we are letting good enough be, but I, for one, and I know I have a great many with me, feel we could be five times as large as we now are, but we will have to pay for it.

Now, Brothers, let us get together and boost the I. B. E. W. Quit kicking and complaining, open up our pocket books, and help make every year a bigger and better I. B. E. W., and by doing such, we will be able to keep with the Electrical World and not be taking a back seat.

I hope and trust the Brotherhood will feel it is time to wake up and give the I. B. E. W., every bit of support that it should have, and I thank you, Brother, for giving me a chance to get this off my chest.

Fraternally yours,

H. D. Smith, B. A.

We could not get any satisfaction out of the Westinghouse Church Ken Co. or the Air Nitrates Co. in regards to our demands.

The boys decided to take a much needed vacation. After being off for a week our Superintendent of the electrical department showed some of our weak kneed brothers that the I. O. did not give us permission to lay off the job. They also received a similar telegram. Quite a number of the above named brothers fell for this line of stuff and asked for their job back, and then began to make various excuses why they did this.

We called all the boys we could get hold of in conference, which turned out to be a special meeting, sent the committee to see what terms we could return to work under.

The reply was a piece of paper with about thirty names on it. Our committee's name was not on this list with the exception of our foreman's name.

We called another special meeting to take some kind of action on the report of our committee. After quite an argument and a great deal of persuasion we decided to wire Purcell. The facts of our trouble, we waited until the following morning not receiving any word from the I. O. decided we were left out in the cold and returned to work to keep what little influence we had on the job.

About three or four days later Mr. Purcell wired us to keep all men off the job unless our committee were reinstated.

We were on the job dissatisfied but plugging away until June 9th, we received our demands as follows: 75 cents for Journeymen; 85 cents for foreman; 40 cents for helpers. One and one-half time for overtime. Saturday afternoon and double time for Sunday and holidays.

Brothers do not come this way without that said green card. That means everything on this work.

Our boys are giving their best to the cause and showing the stuff that men are made of. We have a nice little local over two hundred strong. Hoping no part of this short letter gets the scissors.

As I have recently been elected Press Secretary, and as I am an inexperienced writer, I will attempt in my awkward way to give you in a brief message the annual Election of Officers which took place a recent night and is as follows:

President, Arthur Hamilton (re-elected).
Vice-President, J. A. Calligan.
Recording Secretary, J. E. Callis.
Financial Secretary, D. M. Ressler.
Treasurer, Tom Callis.
Financial Secretary, Tom Callis.
Foreman, J. A. Ford.
S. I., C. L. Watters.
P. S., D. M. Ressler.
Trustee, C. R. Conners.

Brothers you have now read our lineup and it doesn't look very strong in print, but it is well fortified with big guns and plenty of ammunition.

At the close of the election of officers we had a patriotic entertainment consisting of patriotic songs sang by our local quartet and a few four minute speeches. Local 596 is doing her share in securing liberty bonds and war saving stamps.

Although we have only been organized a little over two years we are doing good work, and if some of the brother locals would visit us under present working conditions secured under our agreements set aside on the 1st of June, 1918, they would think we had been organized for fifty years. We have a few curb-stoners doing a little knod and tubing but as they have not had any effect upon us we expect to have them in our front line trenches soon.

We have in our local a few companies capable of handling any kind of electrical work and is taking care of all the big works of Clarksburg and vicinity, also one company regularly retained by over twenty companies throughout West Virginia.

Although the high cost of material and the disadvantage the contractors have in getting material owing to the embargo put on the railroad at different intervals causing delay and some trouble we still have bright prospects of a prosperous year. Our scale is 75 cents per hour.

Well brother as my fuse are pulling their full capacity, I will now try to close on a safe point, hoping this will find a more public place than the waste basket.

Wishing all the brothers reading this insertion a prosperous future.

Yours in I. B. E. W.,

We are still on the map and 100 per cent strong. All electric work that is being

done, is by Union labor. But we now work at present so we are not getting overheated. When any of the boys get over there tell old Kaiser Bill we are engraving on his tomb stone.

We now have one unfair shop in our city which is F. Kutchback, but we will see that the electrical work goes to the union shop.

Brother Billy Elliott is now serving his colors in the Aviation Corp. Guess we will all be on the firing line with him soon. Well news is as scarce as rain in this country and we haven't saw a drop in two months. I'll tie the B—. With best wishes

Well here goes a letter from that year old baby local that the best organizer on the road organized which is Brother H. H. Broach. L. U. No. 635 voted a unanimous vote of thanks to Bro. Broach at our last meeting. If he ever comes your way treat him good for he is the best fellow that has ever lit around here and if he sends us his photo we will always have him here to look at for he is a prince of a good fellow.

We are getting ourselves ready for the big labor day parade which you all know is not very far off now. We are about forty strong now as six of our brothers have left us, four have gone to Charleston, West Virginia and two to Indian Head Navy Yards. One of the six is our recording secretary. R. C. Nelsen and our trustees C. L. Bragg and Bro. H. Fasbender were elected to finish the unexpired term of Recording Secretary.

We have plenty of work here at present we are all working and the scale is 67½ cents per hour for journeymen and 72½ cents for foreman. I guess that isn't so bad, is it when we were first organized we were getting the large sum of 35 and 40 cents an hour. Brother Broach lit here at just the right time to get us going. Thanks to Broach.

Oh by the way I haven't said anything about our business agent. He is always on the job too. Don't you forget it he has these rates around here jumping side ways. He is some Irishman. That H. D. Smith I guess he has got some of the contractors afraid now for some of them are paying 75 cents an hour to some of their men and the scale is only 62½ cents. Look out for your rats if he ever comes your way. He is just like a cat the way he loves them. Well I don't know of much else to write only that I would like to see this in the Worker, as I am only acting Press Secretary in behalf of our new one which I hope will write more often than our old secretary did. I will close.

Yours fraternally,

Another month at hand requiring another line from L. U. No. 667.

We are on the same old wage scale as we started with as follows: 65 cents per hour, pay for 11 hours with 10 hour work, 13 hours for Saturday and 20 hours for Sunday. I understand the boys are to start to work 12 hours the fore part of this month (July).

Well brothers, as I am holding the night watch and will admit I lose out on some of the real dope, but I show up at the

shop each morning, and see that the fixers come clean with the goods as is the duty of all stewards. We are working for the 75 cents per hour and have a good chance to get it.

Some of our brothers left us some few days ago, but some have returned and report work slow throughout the middle west. Every Brother thinking of floating this way will do well by come through to Nitro. I hope Brother Ping "Beno" gets my mail O. K.

What is wrong up in Dear Old Chicago Way? There seems to be quite a few liamen coming in from there, claiming Chicago will not give them a card, but Brothers they keep going from here as we see no reason for those men being without a card. The brothers of No. 667 are sure doing their part with "Dear Old Uncle Sam". Red Cross and Liberty Bonds are common in L. U. No. 667 and we have sent a few of the Brothers to the camps.

Well Brothers as I am setting in the Power House I see no better place to kick a breaker. Hoping all P. S. will at least do as I do, at least try a line each month.

I close remaining, yours fraternally in I. B. of E. W.

Bro. Dierheimer in his last letter to the Worker, made his letter brief for more than one reason; the main one I think was that he was leaving here and thought he was getting out of a bad job. Well I guess he got out of the job of Press Secretary all right for at our last meeting the boys wished the job back on me again.

As Dierheimer told of the accident which Bro. Tracy had which cost him his left leg at the knee, I will say that Bro. Tracy is getting along fine, as he left the hospital, July 3rd, and I saw him at a picnic on the 4th, dancing a jig on one foot and a pair of crutches. That goes to show what clean living will do for a man when he gets in a place where a good constitution means a chance to keep on living.

I will say that Brother Tracy has an unlimited supply of nerve and a good constitution, for many men have been laid away for less cause. However he is still here and we are all glad it was no worse, and I think he will always have a warm spot in his heart for the boys of No. 697, for he has not wanted for any thing that money could buy while he was laid up.

Brother Parmeter has been sick for about four weeks with malaria fever but is on the job again this morning. Bro. Barber has been laid up for a week. He was fooling with a four wheeled Lizzie and the durned radiator busted and scalded his right arm from the elbow to the wrist, hence he has a very sore arm. Brother Sheeley was sick for a few days, had the misfortune to get some Ptomaine poison. He is on the job again.

Brother Sam Cregar is here with us again after an absence of about four years, which I understand he put in his time in Omaha and Des Moines, and from all reports he done a lot of good work there, so all we can say is welcome home.

We have accepted quite a few green tickets (Traveling Cards) and among them are some that are especially worthy of mention: such as Chas. Sockman, E. M. Rust, Jack Buick, N. Short and some of the other old timers whose cards have only got three figures or less on their T. C. I will say that it does No. 697 an honor to have the old timers come in and be satisfied with what we can give them, for it seems that our efforts have not been in vain, as we have battled for conditions not for our-

selves alone but for the entire Brotherhood. There may have been a doubt in some peoples minds as to our scrapping ability, but if the doubt still exists, just try us out and I will guarantee that we will fight for what we think is right till H—l freezes over and then we will fight awhile on the ice. Ask Brother Lyons.

However we don't want any thing that does not belong to us, and we are ever ready to assist the needy brothers if it is in our power to do so.

At the present time our big rush is nearly over, but if there are a few good Knob & Tube wiremen idle, I would like to hear from them and will assure a prompt reply, however if any Brothers see this and would like to visit us please use a postage stamp first, and R. R. fare second, for although we need wiremen now, we might have a surplus when this is printed.

I think at this writing we have eleven of our boys from 697 wearing O. D. and Blue, and perhaps more will soon be called, but there are no slackers in 697 and if there was any they would be well entertained, and furthermore there are not many slackers in Lake County, Indiana, for we are pretty well represented in the Army and Navy.

Well I could not close without saying that Brother Dierheimer's feet got to itching so bad that he just had to travel, so he took a trip towards the rising sun and I suppose he reached the Atlantic and bathed his feet in the salt water which stopped the itching, for I just received a wire from him from Youngstown, Ohio, in which he states he is coming back home. Well we were sorry to see him go and glad to have return, as he is surely a real union man from his toe nails to his longest hair, and I would advise any one to cast any remarks against the union in his presence unless you want to rest up for awhile in a hospital.

Glad to see the results of the Referendum as printed in the Worker and especially the results on the first three questions, for that was essential and also necessary as we can never expect to do a land office business on a shoe string salary.

Well I must also say a word about 652 Shopmen. They are growing by leaps and bounds and from last reports have about 200 members. Not so bad, for a Local only three months old.

With best wishes for the future of the I. B. E. W. from the boys of No. 697 and yours truly, I will now pull the switch and let our new typewriter cool off.

J. W. Wagner,

Not having any letter in the Worker for some time and the members are asking if the Press Secretary has gone to war. Well I have not gone yet, so I will try and let you know the conditions around here with Local No. 716. About one-fourth of our membership have joined the colors and quite a few of them are "over there."

Work and conditions are good in and around Houston and we are taking in a few members now and then. We have taken in twenty-five new members from the Southern Pacific R. R. Shops. This closes the shop something that we have been trying to do for some time. We hope the Government will take over the Tel. and Tel. Company, so we can get the men that are working for them and once we get them in the Local we will interest them so that they will not want to get out.

The local has secured new quarters in the Houston Labor Temple, 1210 Texas which is better in every way and will be a benefit to the Local. Bro. Bill Allison came in town the other day and says he will stay about two years as he has the Refinery job on the ship channel Bill being an old member of 716. The boys were all glad to see him back. Brother W. Wilt, B. A. from Alexander, La., paid us a visit last week and he states that conditions and work are good in his town. Boomer Davis came to Houston some time ago and stayed with us until last Saturday when he left for home saying that it is too hot and our mosquitoes are too big. Boomer was a welcome visitor in our city and we regret his leaving very much.

The local gave its first annual picnic last Saturday at the San Jacinto Battle Ground which was very much of a success and every one had a good time. The final outcome of the referendum was gratifying to Local 716 and its members and we hope

that the different Locals will not attempt to have the I. O. spend any more money on referendums as what money that was spent on this last one by both sides would do a lot of organizing for the brotherhood. We all know who paid for the paper and printing that came from the I. O. but we do not know who paid for the other material that came out from one or two dissatisfied locals or few members.

Well brothers it is all over and it is our duty to get down to work and help our Government and our cause and if some of those that worked so hard to destroy our Brotherhood will now see their mistake and work hard for the good of the Brotherhood how much better they will feel.

Not having any more news at this time and wishing the Brotherhood success and that it will be a Brotherhood Electrical Worker who will get the Kaiser, we remain

Local 716, Press Secy.

FEDERAL OPERATION OF TELEGRAPHS

By JOHN T. FLYNN

By way of approval of Federal operation of telegraph and cable lines, it may not be amiss to state that the National Government is now and has been operating 5,000 miles of submarine cables and telegraph lines in Alaska for the past fourteen years, and with such satisfactory results that the House Committee on Military Affairs of 1906, before which I appeared as the representative of the late D. O. Mills in support of the bill introduced in Congress authorizing the sale of that system to a private company at its cost, \$2,500,000, refused to recommend the sale of the system on the ground that it was then earning \$300,000 a year in commercial business in addition to serving as a vital military agent.

That cable system, which I had the honor of sponsoring through a memorial presented to Congress in 1897, as well as serving as chairman of the completion ceremonies in 1904, seven years later, was constructed under the direction of the United States army, with the aid of a few expert civilians, in the deepest and coldest waters then known in cable construction; its 2,000 miles of land wires were transported over snow and ice fields by dog teams; its poles were often cut and placed under a temperature of 40 degrees below zero, with the highest priced civilian labor ever known in telegraph construction; and yet its cost per mile, both cable and land wire, is less than that of the Western Union Telegraph Company, which was created by act of Congress during the Civil War, as a military necessity, and later presented without cost of any kind with more than 30,000 miles of military telegraph lines in Arizona, New Mexico, Colorado, Nevada, Utah, Montana, Wyoming, Oregon, Washington and California.

During the first year of active operation, 1905, the Alaskan Government Cable System, consisting of forty-six stations, cable, land wire and wireless, extending from Seattle to Nome, a land distance of 2,500 miles and a submarine cable distance of 2,500 miles, entering the Arctic Circle at Fort Gibbon, operated wholly by enlisted men in the United States Signal Corps of the army, rank ranging from first-class

private to lieutenant colonel, and salaries ranging from \$30 to \$300 a month and army allowance, transmitted 1,250,000 commercial words at 40 cents per word, telegraphic money transfers amounting to nearly \$1,000,000, to say nothing of military messages, without the mistake of a single word or the loss of a single dollar. Some record!

As an additional recognition of the ability of the American army to meet conditions as they may arise, it may be said that at the outbreak of the Spanish-American War in 1898 the National Government, unlike most other sovereign nations, did not own a mile of submarine cable or have in its employ at that time anyone acquainted with submarine cable construction, but in less than six months from the date of the outbreak of the war the Federal Government was actually laying the Alaskan cable on record time and through the medium of a Spanish prize of war ship captured by the converted cruiser *Yale* and afterward named the *Burnside*. Some record also!

That remarkable record of national ownership and operation of cables and telegraphs, through which the great Northland was developed, led up to the inauguration of the present Alaskan Government Railway, to cover a distance of a thousand miles, which is being constructed under the direction of the Secretary of the Interior, is to cost under the most adverse physical conditions ever encountered in railroad construction, as well as the highest priced labor, \$35,000 per mile, as against the average bonded cost of nearly every privately owned road of \$100,000 per mile, including the billiard-table valleys of California, Nebraska, Iowa, Illinois, Ohio and other states with great valley regions.

If the Western Union Company, according to the arrogant statement of its president, in reply to a request for a conference with the Federal Mediation Board, "asks nothing from the Government," it is probably because that specially created and publicly aided corporation has already acquired all that the Government has to offer in the form of gifts.

AROUND THE CIRCUIT

Locals 36, 180, 283, 594 and 151, have entered into a new agreement with the Great Western Power Company, covering the jurisdiction of this corporation. A general increase in wages of approximately 80 cents per day was obtained, as well as improved working conditions. The minimum wage scale established by the agreement is as follows:

Cable splicer foreman, \$185.00 per mo.
Foremen, \$6.25 per day.
Linemen, \$5.80 per day.
Cable splicers, \$6.80 per day.
Station Construction Wiremen, 5.80 per day.
Armature and Transformer Winders and repairers, \$5.80 per day.
Shop Electrical Workers, \$5.80 per day.
Meter repairers and testers, \$5.80 per day.
Troublemakers, \$5.80 per day.
Patrolmen, \$135.00 per month.
Combination Troublemakers and Trimmers, \$5.80 per day.
Apprentice Cable splicers, \$5.80 per day.
All other apprentices, \$4.50 per day.
Drivers of wagons and trucks, \$4.50 per day.

Cable splicer's helpers, \$4.50 per day.
The wages for operators at substations shall range from \$110.00 to \$140.00 per month. Eight hour work day is provided as well as double time for overtime. The local unions were assisted by Vice President Grasser and Organizer Robbins in conducting the negotiations.

Local 42, Utica, N. Y., have reached a settlement with the Street Car Company of that city, which provides four cents per hour increase in wages, this increase to run until August 15th, at which time further increases will be considered.

Local No. 93, East Liverpool, renewed agreement and increased wage scale with Steubenville & The East Liverpool Light and Traction Co. Trolley repairmen going from \$125.00 to \$155.00 per month; linemen \$4.41 to \$5.50 per day; "B" linemen to \$4.60; Armature winders \$4.65 to \$5.80; car wiremen \$4.41 to \$5.50; controllermen \$4.41 to \$5.50; apprentice armature winders \$3.75 to \$4.60.

No. 277, Wheeling, renewed agreement and readjusted wage scale with Wheeling Municipal Light, to conform to scale established recently with the Wheeling Traction and Light Companies.

Locals No. 93 and 277 were assisted by General Organizer Smith.

Local 100 of Fresno, California, have been successful in negotiating a new agreement which provides for an increase of \$1.00 per day, bringing the present scale up to \$7.00.

Local No. 103 of Boston, assisted by Vice-President Bugniet, have secured a wage increase of 7½ cents per hour, bringing the present rate up to 77½ cents for journeymen.

Easton, Pa., Local No. 367 got an agreement giving the Inside Wiremen an increase of ten cents per hour, time and one-half for overtime, double time for Sundays and holidays.

Seranton Local No. 81 got an increase of thirty cents a day for the linemen, although their agreement runs another year.

Local 228 of York, Pa., got its first agreement after being only organized since April 15, 1918, of twelve cents per hour increase, time and one-half for overtime and double time for Sundays and holidays,

and one hour shorter a day, closed shops and all contractors and shops signed up. Best to all. C. J. Boyle.

Assisted by Organizer Broach, Local 476 of Saginaw, Michigan, have adjusted their differences with employers in that city. An agreement was entered into which was the first that has been established between the local union and employers.

This agreement provides for union shop conditions and an increase of fifteen cents per hour in wages, eight hour work day. Saturday half holiday the year around. time for Sundays or holidays. time for Sunday or holidays.

Local 482 of Eureka, Cal., assisted by Organizer T. C. Robbins, has reached a settlement with the Western States Gas and Electric Company and signed an agreement entered into. This is the first agreement that this local has had with the concern. The agreement provides for increase in wages averaging \$1.30 per day. The following wage schedules were established:

Foreman linemen, \$6.25 per day.
Journeymen linemen, \$5.80 per day.
Shopmen, \$5.80 per day.
Meter Repairers and Testers, \$5.80 per day.

Apprentices, \$4.50 per day.
Troublemakers are classed as Linemen and receive, \$5.80 per day.

Combination patrolmen and troublemen, \$125.00 per month.

Combination troublemen and trimmers, \$125.00 per month.

Cable splicers foremen, \$7.25 per day.
Journeymen cable splicers, \$6.80 per day.

Apprentices, \$5.80 per day.
Operators of hydro electric plant, \$120.00 to \$135.00 per month.

Chief Operator, \$140.00 per month.
Operators to have two days off each month; also two week's vacation with full pay. Eight hour work day is provided for as well as the union shop.

Local 559 of Brantford, Ontario, are at this time negotiating a new agreement for increase in wages and better conditions with their employers, and trust that journeymen will seek elsewhere for employment, until notified through the columns of the Worker that settlement has been reached, as serious opposition is expected on the demands made.

Local 690 of Bloomington, Ill., have reached a settlement with the Kinlock Telephone Company which provides for eight hour work day and the following wage rates:

Wagon Foreman.....	\$.57½ per hour
Cable Splicer	115.00 per mo.
Lineman52½ per hour
Testman	85.00 per mo.
Switchboard-men	95.00 per mo.
Toll Line troublemen....	.52½ per hour
Installers	1.52½ per hour

Time and one-half for overtime, double time for Sundays and holidays.

With the assistance of organizer Slatery, the Telephone Operators of Sioux City have reached a settlement with the Company providing for eight hours work day and increase of wages. Settlement on the wage matter is retroactive and provides that men shall receive one year's back pay.

The employees of the Light & Power Company receive an increase of 50 cents per day and reduction in the work day of one hour. They now work nine hours, four ways on Company time.

THINGS ELECTRICAL

Automatic Voltage Regulators for A. C. Generators.

The accurate regulation of voltage on any alternating current system is of great importance. Among the principal advantages of a steady voltage are the following:

More economical lamps may be used. It is possible to operate lamps at a higher efficiency when the voltage is constant and with good regulation it is possible to substitute 1.25 watts per candle tungsten lamps for 3.0 watts per candle carbon lamps—a saving of 58 per cent in power required.

Fewer lamps are required where the voltage remains constant.

Saving in energy because the exciters and generators deliver the exact power required in proportion to the demands made upon them. Slight increases in voltage on a large system mean much greater losses in transformers.

No loss of revenue due to lowering of voltage. Without proper regulation the voltage falls off at maximum load with a marked decrease in the energy delivered.

Feeder Voltage Regulators.

The economic generation and distribution of electric power requiring the use of large generating units, the establishment of generating stations of great capacities, the transmission of power at high voltages to step-down transformer sub-stations, and the distribution of this power to consumers at relatively low voltages, will result in general in unsatisfactory voltage variations, due to the variations in load of the various feeders, unless means are provided for its adjustment.

The voltage of a generator or of a number of generators in the same location, may be automatically maintained constant, regardless of the load, at the station bus or at any point on the transmission system, by means of a generator voltage regulator, but this arrangement is not satisfactory for the control of individual feeders. One feeder may serve a business district, while another from the same generator may serve a residence district, and since the amount of compensation required depends on the load, and since the peak of the load occurs at different times in different feeders, the regulation of individual feeder is essential if good regulation is to be obtained on the entire system.

Induction Motor Starting Compensator Troubles.

Sometimes a mistake is made in the connections to the compensator, so that

full voltage is used at starting and the lesser voltage after throwing over the running switch. Then the motor at starting takes excessive current, and, since the maximum output is in proportion to the square of the voltage, the motor capacity is much reduced when it is apparently running on the operating position. Such action, therefore, can usually be accounted for by a wrong connection in the compensator. Sometimes a motor connected to a compensator takes more current than it should, under which conditions a lower tap should be tried. Compensators are usually supplied with various taps and one should be selected which produces the least disturbance on the line, going at the same time the desired starting torque on the motor.

When a motor, having been connected to a compensator, will not start, the cause may be entirely in the compensator. The compensator may have become open-circuited due to a flash within. The switch may have become deranged, so that it will not close, or a connection within the compensator may have become loosened. Possibly, when a motor will not start when connected to a compensator just installed, a secondary coil may be bucked against another secondary coil so that on voltage is produced by the compensator at the motor. This results in no appreciable excess heating and in no apparent phenomenon which would account for the motor not starting. An ammeter in the motor leads will indicate the absence of current, or a voltmeter will indicate the absence of voltage.

Brush Contact.

The relation between contact pressure, contact resistance, and friction of brushes varies greatly for different kinds of brush. Copper brushes will carry from 150 to 200 amperes per square inch of contact surface; and carbon brushes from 40 to 70 amperes per square inch. The usual contact pressure is 1.25 to 1.5 per square inch for carbon brushes. The rim velocities of commutators vary from 1,500 to 2,500 feet per minute, the velocity usually increasing with the size of the machine.

Copper Economy.

Single Phase—three wire copper...	375
Two Phase—four wire copper....	1000
Two Phase—three wire copper..	1457
Three Phase—three wire—star connected	750

The Misener Rotary Metal Saw

Manufactured under Patents Pending by Misener & Irving Mfg. Co., Inc., Successors to M. S. Specialties, Ltd., Syracuse, N. Y.

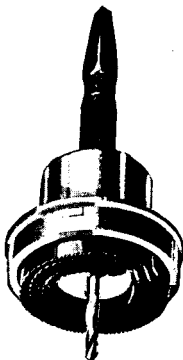

Brothers:—Have you seen or used the Misener Rotary Hack Saw yet? If not you are still doing this work in the same old way. Show this to your "BOSS." Let him know you are progressive enough to cooperate with him and show him. Insist on him getting one of the labor savers to put in your "Kit," and see how quick he will do it as they are guaranteed to save 75% of the time

it now takes to cut those holes in your Panels and for setting outlet boxes in wood Plastered and Tile partitions. Order from your jobber or direct from us.

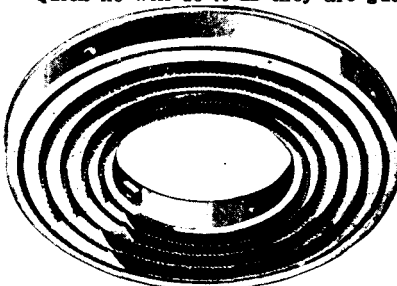

By the adoption of the Oscillating shank, it is possible to use a "wobbly" chuck (one that is sprung or bent) and still get 100% efficiency.

Center rotary cuts pipe sizes $\frac{3}{4}$ ", 1", $1\frac{1}{4}$ ", $1\frac{1}{2}$ ".

Outer rotary is quickly and securely fastened by an interlocking arrangement and cuts pipe sizes 2", $2\frac{1}{2}$ ", 3", $3\frac{1}{2}$ ", 4". Each Misener Tool is furnished with a complete set of saws $\frac{1}{2}$ " deep.

Center Rotary

Outer Rotary

Complete Misener Tool..... \$9.00

Center Rotary with oscillating bit shank (Separate)..... 6.00

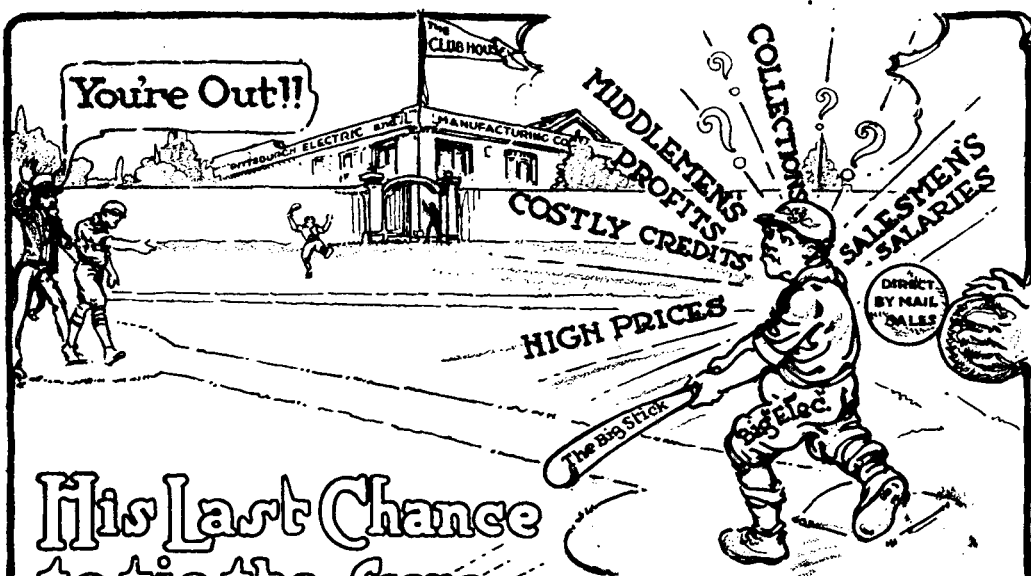

Outer Rotary (Separate)..... 4.00

Machine Shop Tapered Shanks, ordered separate..... 1.50

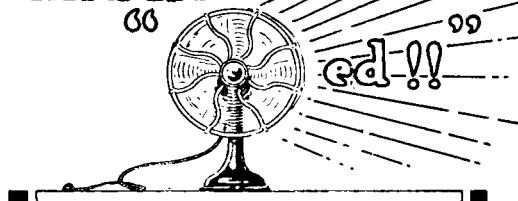

Our recommendation is that Misener Tools be bought complete, though for convenience in repeat orders we price them in various parts.

Misener Saw Blades are of the highest grade, rolled to proper size and temper. When ordering please do so by pipe size.
